Phone: 6302603908 | **E-mail:** vstanlysilas@gmail.com | **GitHub:** [stanlysilas](https://github.com/stanlysilas) | **Portfolio:** stanlysilas.web
| **Location:** Visakhapatnam, AP

Career Overview:

Detail-oriented and versatile computer science graduate with strong foundations in software and mobile applications development. Skilled in solving complex problems and building user-friendly applications using Flutter and Python.

Technical Skills:

- **Primary Domains:** Mobile Development (Flutter & Dart), Data Structures & Algorithms, OOPs.
- **Secondary Domains:** UI/UX Design (Figma), Version Control (Git & GitHub), Shell Scripting.
- **Web & Tools:** HTML, CSS, JavaScript (Learning), Webflow, Framer.

Projects:

AetherOS | *Fedora 42 Base, GNOME, Python, Bash:*

- **Developing a custom Linux distribution** by stripping the GNOME desktop environment to its core essentials to maximize system performance and resource efficiency.
- **Integrating Fedora security repositories** into a custom-branded OS build, ensuring a secure, minimal, and stable user environment.
- **Architected a bespoke Control Center** in Python/GTK to handle system-level configurations and hardware toggles for a streamlined UX.

Flow Launcher | *Flutter & Dart, Kotlin, Android SDK:*

- **Architected a high-performance Android launcher** using Flutter, optimized for devices running **Android 9.0+**.
- **Engineered custom Platform Channels** to bridge Flutter with native Kotlin, enabling seamless access to restricted Android APIs for home screen widgets and system-level shortcuts.
- **Currently in Alpha development** on [GitHub](https://github.com), focusing on optimizing memory usage and resolving issues bridging between native APIs and Flutter.

Bloom – Productivity App | *Flutter & Dart, Firebase:*

- **Developed a task management application** featuring Rich Text Editing, event scheduling, and note-taking.
- **Implemented custom UI components and state management** using the Provider pattern.
- Managed the end-to-end deployment process, making the app available for public download via a dedicated [website](#).

Education:

- M.Sc.** in Computer Science, Andhra University (2024 – Present)
- B.Sc.** in Mathematics, Physics, and Computer Science, Gayatri Vidya Parishad (2020–2023) – **CGPA: 8.0**
- Intermediate (12th Grade)**, Gayatri Junior College (2018–2020) – **CGPA: 8.5**

Certifications & Achievements:

- Salesforce** Certification (2022)
- EduSkills Palo alto Virtual Cybersecurity** Certification (2022)
